2. Registration Website

As you may have noticed, PIBA has changed our online registration provider. This new system allows greater flexibility for our participants in finding and registering for PIBA events and updating your contact information. The first time you log in, you will be prompted to set your personal password. The netForum OnDemand system uses a simple shopping-cart checkout process, so you know exactly for which events you've registered. There are plans for future improvements to the site, including immediate membership renewals, online event materials, and more.

5. Facility Request

Would your Company like to host a PIBA event? As 2009 events are planned, we are looking for new Host Locations. If your Company has meeting space available for 30+ participants, and would be interested in offering your location, please contact our office: piba@piba.org
